GENERAL CONDITIONS AND DEFINITIONS

ARTICLE I. SINGLE CONTRACT:

The purchased Contract for Travel Assistance Services is supplemented by the General Conditions of the ASSISTANCE PLAN, as well as the VOUCHER and the CALLING CARD with the phone list. All these documents constitute a SINGLE CONTRACT.

THE CARD HOLDER acknowledges and accepts these Terms and Conditions; such acceptance is ratified by any of the following acts:

- Payment of contracted services.
 - The use or attempted use of any of the contracted services.
- a) The present General Conditions govern the rendering of travel assistance services by the PROVIDER, as detailed in the VOUCHER, during trips made by the beneficiary. The beneficiary acknowledges having selected the ASSISTANCE PLAN of his/her preference, as well as read in full the terms, scope and limits of benefits under the conditions applicable to his/her plan, as shown in these General Conditions.
 - b) Assistance services are provided in cases of unforeseen emergency situations that occur abroad or nationally, except in the city of residence, in accordance with the type of product acquired, as stated by the kilometric deductible specified in the CERTIFICATE or VOUCHER, according to the contracted product. These services are not a health insurance, an extension of prepaid medical plans or occupational hazards insurance. They are not intended to provide preventive care or definitive treatment.
 - c) This a contract of services exclusively oriented to solving emergencies which prevent the normal continuation of the beneficiary's journey, therefore, once the medical condition of the CARD HOLDER has been stabilized, repatriation for medical treatment will be proposed, if needed, to the entry airport in the Country of residence. The beneficiary cannot object to this decision, under penalty of losing the rights or benefits established in these general conditions. Expenses for further treatment in the country of origin will be assumed by the CARD HOLDER, through a personal health insurance taken with a third party, personal funds or any other health service.
 - d) Assistance plans are not designed nor contracted or provided for:
 - Elective medical procedures.
 - Performing routine medical check-ups, or check-ups that have not been previously authorized by the Assistance Services Center.
 - Advancing benign or long-term treatments or procedures.

All assistance or treatment will cease and will stop being the responsibility of the PROVIDER once THE CARD HOLDER returns to his place of residence or when the period of validity of the chosen plan expires. The acquisition by a Beneficiary of one or more CERTIFICATES or VOUCHERS does not result in the accumulation of benefits, or the time contemplated therein; in these cases, only the limits established in the CERTIFICATE or VOUCHER that has been issued first, may be applied.

NOTE: It is clearly understood by THE CARD HOLDER that this plan is a travel assistance product and that, in the event it is offered through an insurance company, it still does not become an international medical insurance.

- e) Events and Expenses not included: For excluded diseases under the GENERAL EXCLUSIONS clause, the PROVIDER will only cover expenses up to the maximum amount stated as "medical care for preexisting conditions" on the VOUCHER or ASSISTANCE PLAN. The PROVIDER shall not pay for any diagnostic tests aimed at evaluating pre-existing conditions and/or ruling out their relationship with the ailment that originates the assistance. Should it be determined that the purpose of traveling abroad is the treatment of an existing illness and that the ongoing treatment is either directly or indirectly related to this disease, the PROVIDER shall be relieved from providing services to the CARD HOLDER. To this end, the PROVIDER reserves the right to investigate the connection between the current event and the previous illness.
 - f) TERRAWIND GLOBAL PROTECTION is not an insurance company and does not underwrite insurance policies of any kind to CARD HOLDERS. Insurance included in TERRAWIND GLOBAL PROTECTION ASSISTANCE PLANS are granted at no additional cost to the CARD HOLDERS and are issued according to local laws. TERRAWIND GLOBAL PROTECTION purchases insurance for its customers and therefore reserves the right to make changes to coverage or suspend it without notice, in accordance with the provisions of the insurance legislation in the issuing country.
 - g) When THE CARD HOLDER extends the duration of his trip in an unexpected way, he may request the issuance of a new voucher. The SUPPLIER reserves the right to accept or deny this renewal without giving further explanations; if it is approved it will have a grace period that must be of at least 3 days, and be governed under the following conditions: It must be acquired and paid only and exclusively in the country in which the original voucher was issued and paid.
The request for the issuance of a new voucher must be made before the end of the validity of the original voucher. In case you want a new voucher to be issued after the end of its validity, the following waiting periods will apply:
 - 3 days for policies up to 30 days
 - 5 days for policies up to 180 days
 - 10 days for policies up to 365 days
 - 15 days for medical expenses related with Covid-19, in all the products
- a. THE CARD HOLDER may renew his voucher with a plan that has the same coverage of the original, or greater. Vouchers with less coverage than originally contracted will not be valid.
 - b. The new travel assistance plan or voucher may not be used under any circumstances to initiate or continue treatment and / or assistance of problems that may have arisen during the validity of the original voucher and / or previous vouchers, or before the validity of the new plan and / or voucher, regardless of the procedures or treatments underway that have been authorized by the PROVIDER or by third parties. All medical assistance provided during the validity of the first voucher will automatically

be considered as pre-existing during the validity of the second voucher and therefore will not be assumed by TERRAWIND GLOBAL PROTECTION

When the validity of the previous voucher has ended at the time of purchase or the passenger purchases at the destination, the voucher will be issued with a 15 (fifteen) days grace period for COVID-19 expenses and 3 (three) days for any other contemplated expenses within the coverage chart. The above, only after having received the issuing agency / tour operator and others, express authorization from the Assistance Services Center.

The right to Sanitary Repatriation will not be acknowledged if the cause of the event is expressly stated in the GENERAL EXCLUSIONS.

TERRAWIND TRAVEL ASSISTANCE

To be a creditor of this benefit, the Voucher Beneficiary must:

- Contract an assistance plan before or up to 72 hours after purchasing the entrance ticket to the theme park.
- Notify the central office within 24 hours of the occurrence of the event that causes the cancellation. The date of occurrence of the event, not the date of notice of the Beneficiary to TERRAWIND GLOBAL PROTECTION, will be taken as the basis for calculating the compensation. At the same time, the Beneficiary must cancel the theme park ticket, so as not to increase the penalty the park may apply.
- Submit all the documentation that TERRAWIND GLOBAL PROTECTION deems necessary to evaluate the coverage of this benefit, including, but not limited to: Document that clearly and reliably shows the reason for cancellation of admission to the Theme Park, letters from the respective service providers, invoices and payment receipts.
- In the case of “Annual Multiple Trips” plans, this benefit will apply only once and will correspond to the passenger's initial trip. It cannot be considered as applicable for all trips the Beneficiary may make during the total validity of the voucher.
- The following are justified causes for the purposes of this benefit, and contemplated at 70% of the cap marked on the voucher:
 1. Closing of the theme park as a result of climatic conditions; it is essential to present a document from the Theme Park that certifies said event.
 2. Cancelling the Theme Park admission due to serious illness or accident of the Beneficiary- serious illness being understood as an alteration of health that, in the opinion of the Medical Department of the Alarm Center, makes it impossible for the Beneficiary to start the trip on the date originally contracted.
 3. Closing of the Theme Park due to direct cause of the park. For this, it is an indispensable requirement to present a document from the Theme Park certifying said event.
 4. Cancellation due to serious illness or death of a companion (being the patient a minor, or the condition of the companion does not allow entry to the park). The companion(s) must have a first degree of consanguinity relationship: spouse, parents, children or siblings who also have an Assistance Plan with the same conditions as the Beneficiary, and said companions were obliged to cancel the trip for any of the reasons listed above, the incident must be reported to the Assistance Center within 24 hours

6. Trip cancellation or interruption.
7. This benefit is paid as reimbursement, upon presentation of the appropriate receipts and the report of the airline (PIR).

The PROVIDER will not be liable for pieces of luggage lost or not found by the airline.
